INTERIOR:

The apartment consists of two floors, each comprising an open-plan living room/fully-equipped kitchen or kitchen area, a bathroom and bedrooms. This provides the flexibility to be separated into two different apartments as each floor also has its own private entrance.

To the right of the main entrance is the fully equipped kitchen which includes a stainless steel fridge/freezer and fitted oven and hob, as well as light colored wooden cupboards with a single sink.

From the living room area, large sliding doors open to a lovely covered terrace with a sitting area overlooking the amazing swimming pool and gardens of this unique development. Further from the terrace is a private lawn area enjoying sun shine for most of the day, as well as stone steps leading down to flower beds and further into the development.

A very light, spacious master bedroom with built-in wardrobes is located next to the fully-tiled bathroom with a bathtub.

Wooden stairs lead to the lower floor apartment which has been transformed into a second, self-contained unit. A storage space under the stairs contains the washing machine.

This unit comprises a very spacious living room, two double bedrooms and a fully tiled bathroom with a shower.

Next to the main entrance of this floor, the area is piped for future installation of another kitchen. For time being, it is used as storage space.

EXTERIOR:

The property profits of some private land within the large complex, big enough to be able to lay a couple of sun beds on the lawn or have a table and chairs placed.

The unique development displays an intricate mix of design, comfort and construction, inspired by the true essence of Mediterranean living. It offers exquisite gardens enhanced by a large, shared swimming pool with a gentle stream running through the entire project overlooking the sea.
