**Luxury five-bedroom villa on the market for just €230,000!!**

Detached five-bed villa with private pool set in rural area, yet only a short walk to the lively village of Tavronitis and to the beach.

This fully-equipped villa is built to comply with all EOT rental licence requirements and offers many balconies providing splendid sea views. There is easy access to the national highway with Chania just a 25-minute drive and the airport 45 minutes away.

A few steps lead to the arched porch and the main entrance. The bedrooms are located on the ground floor and the living areas on the top floor. This guarantees the wonderful sea views from the balconies and keeps the bedrooms cooler during the hot summer months.

The ground floor consists of three spacious bedrooms, each equipped with ceiling fans, built-in wardrobes and large sliding doors opening to a balcony. The master bedroom has an air conditioning unit. Also on this floor is a spacious bathroom with a  $\frac{3}{4}$  bath and a shower.

The lower floor offers an independent guest apartment with two additional bedrooms, a fully-equipped kitchen, living/dining room, a wetroom with toilet and shower and a small storage space. This area has been designed for disabled persons and has been adapted for wheelchair use. There is access from internal stairs as well as a separate external entrance.

Tiled stairs lead to the top floor and the open-plan lounge, dining and kitchen area with separate WC. Several large sliding doors give access to the balconies and terraces providing a light airy feel inside this comfortable and well-

maintained villa. The living area has panoramic views over the sea and Rodopos Peninsula, the north-facing balcony overlooks the sea and the stunning sunsets towards the west. The fully-equipped kitchen has access to the south facing balcony, the perfect place to enjoy the sun during cold winter days.

The piano-shaped pool provides space for sunbeds and parasols. The entire area is walled and fenced and secure for children. The pool is 30m<sup>2</sup> and has a depth of 1.2m-2.2m.

The low-maintenance garden is enclosed by walls and railings and features a paved area bordered by colourful flowers. There is a covered carport and a utility room where the washing machine is installed.

The villa is located just a 7-minute walk from the centre of Tavronitis, a welcoming seaside village that offers an array of amenities and which remains open all year round.

This house is a comfortable home for year-round living but can also be a holiday rental villa. It comes fully furnished and is ready to move in!

A house built to the highest standards with a modern design, luxury fittings throughout and stunning unobstructed views to the sea.
