**PRICED AT
ONLY: €85,000**

HOUSE SIZE: 73m²

PLOT SIZE: 94m²

Lovely semi-detached traditional, stone-built property in Vouves, renovated in 2006.

The property is situated in the traditional Cretan village of Vouves, just a 10-minute drive to the fishing village and beaches of Kolimbari with all types of amenities such as bank, post office, doctor, dentist, supermarket, bakery, butcher, tavernas and cafeterias.

The house is laid out on two floors. The bottom floor dates back in the 1890s while the top floor was added about 15 years ago.

The main entrance is from the village road entering into the top floor where a hallway leads to two double bedrooms with wardrobes and wooden floors. One of the bedrooms has a small balcony with space for a table to relax and enjoy the picturesque village views.

A wooden staircase leads to the ground floor where an open-plan kitchen/living room is located. The kitchen is fully equipped with wooden cupboards and electrical appliances. A fully-tiled bathroom with a shower is also on this floor.

The living room leads to a beautiful 52m² tiled patio complete with a large umbrella, sunbeds and a dining table ready to enjoy the amazing views towards the countryside and the distant sea.

The original stone walls are 50cm thick keeping this property cool in the summer and warm in the winter.

The interior has some traditional decorative features which give the house an "authentic" feeling.

The property is very well kept and ready to move into.
